

Oral presentations

- Public-private engagement for health systems strengthening: developing a typology to aid design, implementation and evaluation [16 Nov, 11:00-12:30, Room 2]
- The impact of power and politics on policy implementation and reform in developing countries: the complexities of implementing Ghana's health insurance [16 Nov, 14:30-16:00, Room 9]
- Sustaining health system development over time: experience from the Western Cape province, South Africa [16 Nov, 16:30-18:00, Room 16]
- The global pendulum swing towards community health workers in low- and middle income countries: are the systems issues being addressed? [17 Nov, 16:00-17:30, Room 1]
- The role of leadership in building resilience in rural under-resourced health facilities: assessment of emergency obstetric care in two rural district hospitals in South Africa [18 Nov, 11:00-12:30, Room 16]
- Strengthening stewardship as a key lever in health system strengthening: mechanisms that enable and constrain efforts to create a functional district management team [18 Nov, 13:30-15:00, Room 10]
- Transformative education: improving health outcomes through effective public-private partnerships [18 Nov, 14:00-15:30, Room 10]

Satellite & organised sessions

- Multimedia for research and knowledge management in health systems research: why, what and how [15 Nov, 08:00-12:00, Harbour Centre]
- What's your global health value? Applying systems thinking to promote debate and self-reflection on good global health practices [15 Nov, 8:00-9:30, Harbour Centre]
- Nurturing health system resilience through everyday leadership and reflective practice: experience from the DIAHLS and RESYST learning sites [16 Nov, 11:00-13:00, Room 8]
- Resilient health systems buffers? The every-day role of non-state (faith-based) African health providers [17 Nov, 11:00-12:30, Room 19]
- South-South collaboration in teaching and learning about health policy and systems research [17 Nov, 11:00-12:30, Room 11]
- Reflections on teaching and learning systems thinking [17 Nov, 14:00-15:30, Room 12]
- Developing resilient health systems: sharing policy makers' experience [17 Nov, 16:00-17:30, Room 8]
- Innovations in teaching health policy and systems research [18 Nov, 8:30-10:00, Room 11]
- The bridges that span resilient health systems: Interdisciplines and intersections [18 Nov, 8:30-10:00, Room 13]

POSTERS

- The frame and the flower. Short film [18 Nov, 10:30-12:00, Ballroom C]
- #morethanebola. A photo-essay from Sierra Leone [18 Nov, 13:30-15:00, Ballroom C]

Multimedia

- Courage and patience: learning about the enablement of health systems resilience from a large scale intervention in Sofala, Mozambique
- From individual to team and system competencies: extending the boundaries of health leadership and management capacity development
- Introducing doctors into primary healthcare clinics: the realities of complex interventions in South Africa
- Policy and implementation gap: a multi-country perspective
- Post-doctoral research fellowship as capacity development
- The contribution of non-state faith-based health providers to health systems resilience in Africa
- The leadership trinity: a framework for leadership development in the health sector
- What actions help (or hinder) the adoption of early-stage health system strengthening reforms in South Africa
